

Announcing The New St. Andrew's Youth Center!

The young faces you see in the picture above of our graduating class of 2008 are an important part of our parish family and represent the future of our Church. In order to address their needs, we are currently planning a youth / young adult ministry. Part of our plan includes setting up a truly spectacular new Youth Center in the former St. Andrew School in the kindergarden & faculty lounge rooms, which will soon be connected. The center will provide a place for our youth to gather after Mass on certain weekends of the month for both spiritual meetings and recreational activities such as pool, ping pong, foosball, air hockey, board games, video games, films, and dance parties.

Some very kind and generous parishioners have already offered to donate ping pong, pool and foosball tables, as well as a Nintendo Wii video game system, but we are also in need of additional items to make this ministry become a reality. Can you please find it in your heart to help us reach out to our young people by donating or contributing toward the expense of the following items:

Air hockey table - \$400

DJ Sound system equipment - \$500

Color LED Lighting equipment - \$200

Decorations & ambiance - \$200

46" Samsung flat screen HDTV - \$1894

Air conditioning & heating system \$5000

** Also, if you have any used furniture (tables), table lamps, standing lamps, and board games which you may wish to part with, we would be very happy to receive them.

Thank you and please contact Fr. John regarding all donations.
